(DATES REQUIRED WITH ALL DOCUMENTATION)

PLEASE DELIVER/MAIL ALL DOCUMENTATION TO:

ADAMS STATE COLLEGE
DEPARTMENT OF NURSING
208 EDGEMONT BLVD.
ALAMOSA, COLORADO 81102

MMR (one of the following):

- Documentation of the two shot vaccination series. There must be at least 28 days between the first and second shot. Two separate dates required.
- Documentation of a positive titer. Date required. Titer must be positive.

HEPB (one of the following):

- Documentation of the three shot series. There must be at least four weeks between the first and second shot and 4-5 months between the second and third shot. Three separate dates required.
- Documentation of a positive titer. Date required. Titer must be positive.

POLIO (one of the following):

- Documentation of a four shot childhood vaccination series (can be oral). Four separate dates required.
- Documentation of a three shot adult catch-up IPV vaccination series. Three separate dates required.
- Documentation of a positive titer. There is no space for this on the form, but the Nursing Department can accept a titer for Polio. Date required. Titer must be positive.

PPD:

- If negative: Documentation of a PPD within the last year plus documentation of another, previous PPD less than a year prior to that, so that's two PPD tests within the last year that are no more than a year apart.
- If positive: Documentation of a cleared chest x-ray (which must be renewed every two years). If you don't wish to renew x-rays every two years, then the original, cleared x-ray plus documentation of a completed INH treatment will suffice.
- Dates required.
 - ❖ PPD must be renewed every year within the year.

VARICELLA (one of the following):

- Documentation of having Chicken Pox. Date required.
- Documentation of a two shot vaccination series. Two separate dates required.
- Documentation of a positive titer. Date required. Titer must be positive.

TETANUS

- Renewal required every 10 years. Date required.

INFLUENZA VACCINE

- Renewal yearly. Date required.
