Completion of the general studies requirements for the Bachelor of Arts Degree (38 hours minus 3 math hours minus 8 science hours = 27 hours).

Completion of the secondary teacher licensure requirements listed under the Department of Teacher Education (30 hours + 3 hours of methods courses).

Students are strongly encouraged to select the following three courses as their upper-division mathematics electives:

- MATH 331 - Modern Geometry
- MATH 335 - History of Mathematics
- MATH 340 - Probability and Statistics
