Importing your addressbook into Mozilla Thunderbird...
Welcome to Mozilla Thunderbird!

Mozilla Thunderbird is a powerful, open-source mail and news client.

- Adaptive Junk Mail Control
- RSS Reader
- Global Inbox Support
- Saved Search Folders

Click on the "Address Book" button
This opens the Address Book view.
This wizard will import mail messages, address book entries, and/or preferences from other mail programs and common address book formats into Thunderbird Mail.

Once they have been imported, you will be able to access them from within Thunderbird Mail and/or Address Book.

Select the type of material to import:
- Address Books
- Mail
- Settings

Click on "Next"
Select "Text file (LDIF, .tab, .csv, .txt)".
Click on "Next".
Select the addressbook that you want to import.
Click on "Open"
