Adblock Plus » Overview

Adblock Plus 0.7, by Wladimir Palant, released on Apr 8, 2006

Ever been annoyed by all those ads and banners on the internet that often take longer to download than everything else on the page? Install Adblock Plus now and get rid of them. Right-click on a banner and choose "Adblock" from the context menu - the banner won't be downloaded again. Or open Adblock Plus sidebar to see all elements of the page and block the banners. You can use filters with wildcards or even regular expressions to block complex banner factories.
to see all elements of the page and block the banners. You can use filters with wildcards or even regular expressions to block complete banner factories.

Works with:

- Firefox 0.9 - 3.0 ALL
- Mozilla 1.7 - 1.8 ALL

Adblock Filterset.G Updater » Overview

Adblock Filterset.G Updater 0.3.0.3, by Reid Rankin, Michael McDonald, released on Mar 31, 2006

This is a companion extension to Adblock and should be used in conjunction with it. This extension automatically downloads the latest version of Filterset.G every 4-7 days. Filterset.G is an excellent set of filters maintained by G for Adblock that blocks most of the internet. In addition, this extension allows you to define your own set of filters that you can add along with Filterset.G during an update. To report missing problems with the extension visit the support forums http://forum.piercinglens.com

Works with:

Click to open the Filterset.G homepage:
