

Colorado Residents

The Enterprise Zone program was established in Colorado to provide incentives for expansion of private enterprise and support of job creation. The Adams State University Foundation, a 501(c)(3) organization, is an approved project of the San Luis Valley/Upper Arkansas Area Enterprise Zone

By investing your contribution to the ASU Foundation through the Enterprise Zone, you will qualify for a 25% Colorado State tax credit. Your contribution may also qualify for a US federal tax deduction, in which case, your donation may actually cost you less than half of its face value. Contributions are required to be *more than \$100* to be eligible to utilize the Enterprise Zone program and the donors ID or Colorado tax ID # is required to process the gift.

This creates a win-win situation:

1. Your money supports the ASC learning community, the institution you already have strong ties with, and
2. You get a state tax credit plus federal deduction for every dollar you donate.

To make a contribution through the Enterprise Zone, please make your check payable to the SLV/UAA Enterprise Zone and mail to the:

ASU Foundation
208 Edgemont Blvd
Alamosa, CO 81101

Please consult your tax preparer to see if this would be advantageous for you.

For more information regarding the Enterprise Zone program, please contact:

Michael Wisdom
San Luis Valley Enterprise Zone State Administrator
