This Day in ASC History
August 15, 1933 – First ASC Art Exhibit

First Annual Art Exhibit Is Great Success

The first annual art exhibit of the College which began on Aug. 8 will come to a close today. The exhibit was highly successful, according to J.B. Smith, director of the exhibit. Plans are already being made by members of the fine arts departments to stage a larger show in the College gymnasium next year.

The exhibit, which was presented by the art, music and industrial arts departments of the College, displayed twenty-five kinds of art activity. Of special distinction were the archeological specimens by Dr. F.C. Spencer and woodwork products under the direction of Ray Hicks. Other good specimens included those in drawings, paintings and etchings. The work of several collectors was also displayed.

The Atelier Club of the College was in charge of the gallery. The jury consisted of Agnes Holmes, Mona Hanks, Ray Hicks and J.B. Smith.

In connection with the exhibit, a student music recital was given Friday afternoon. The eight pupils of Miss Glennys Rugg and Anita Griesemer who appeared on the program were: Barbara Stroup, Bettybelle Cole, Estelle Estrada, Donna Beck, Jean Day, Frank Phelps, Martha Morgan and Louise Phelps.

At the conclusion of the recital, tea was served in the reception room of the College.
