**COF—College Opportunity Fund Stipend**

The College Opportunity Fund (COF), created by the Colorado General Assembly, provides a stipend to offset tuition costs for eligible undergraduate Colorado resident students who are attending a state public institution or participating private institution of higher education. The stipend is paid on a per-credit-hour basis to the institution at which the student is enrolled and credited to the student’s account. The per-credit-stipend amount will be set annually by the Colorado General Assembly.

The COF stipend is applicable up to 145 hours towards a student’s first bachelor’s degree and an additional 30 credit hours toward a second major or undergraduate degree. Students can check their credit hour balance on the COF Website at https://cof.college-access.net/cofapp.

Eligible undergraduate students must apply, be admitted, and enroll at a participating institution. Both new and continuing undergraduate Colorado resident students are eligible for the stipend. Students only need to apply for the COF stipend once at https://cof.college-access.net/cofapp. Eligible students must authorize use of the stipend each semester to receive payment.
